### Vinnie's Tool Talk

Spring thaw is quickly approaching. It's not a bad idea to think about your options for dewatering your jobsites. We carry pumps that discharge water from 38 to 2,250 gallons per minute. We also offer pumps for purchase or rent. And we stock a full line of accessories including discharge hoses, suction hoses, strainers, and couplings to keep your jobsites dry and your crew working. Check out the latest video on our full line of pumps and accessories.

“No more OSHA fines due to missed safety ratings. The Series FXS1500’s HiVis green top and shoes make them easily identifiable on the job-site. This ladder also converts from a step ladder into a shelf ladder with Louisville’s patented ProTop™ tray.”

## SAFETY TIPS

Ladders are among the top causes of **OSHA** violations.

- They’re always in the **Top 10** of cost and occurrence violations.
- The average cost of an accident involving a ladder is **\$80,000**.
- The OSHA average cost of a fine is **\$1,500**.
- OSHA believes that **100%** of ladder accidents **can be prevented** if proper attention to the equipment and training were provided.
